Celebrating our first year of service to our community has provided us with the opportunity to reflect on our accomplishments for FY 2024. Building a foundation from the ground up has been a true labor of love. We established the inaugural Board of Directors, setting a strong foundation for future governance and growth. In addition, key committees were formed and each developed comprehensive charters to guide strategic initiatives and operations.

The MPLF logo was launched, which was designed by a talented member of the Board of Directors. And we established a digital presence which includes a dedicated email, social media platforms, and a new website to engage the community and share updates.

MCKINNEY PUBLIC LIBRARY FOUNDATION

The Foundation partnered with the McKinney Public Library to host the inaugural McKinney Literary Fest, enhancing literary culture within the community. In-kind donations valued at $7,365 and $2,500 in sponsorships to support the McKinney Literary Fest were secured.

Community awareness of MPLF was raised through active participation in library events, including the McKinney Literary Fest and Library Palooza. As a result, MPLF received contributions that will fuel future programs and initiatives - $217 from at the McKinney Literary Fest, $800 in general donations, and $1,000 for the scholarship fund.

To further solidify MPLF's commitment to educational growth and community engagement, a scholarship fund was established to provide financial support to students volunteering at the McKinney Public Library. Our first scholarships will be awarded in 2025.
